<ul style="list-style-type: none"> <li>Dump, junkyard, landfill, factory, gas station, or dry-cleaning operation nearby</li> </ul>	<ul style="list-style-type: none"> <li>Volatile organic compounds, total dissolved solids, pH, sulfate, chloride, metals</li> </ul>
<ul style="list-style-type: none"> <li>Odor of gasoline or fuel oil, and near gas station or buried fuel tanks</li> </ul>	<ul style="list-style-type: none"> <li>Volatile organic compounds</li> </ul>
<ul style="list-style-type: none"> <li>Objectionable taste or smell</li> </ul>	<ul style="list-style-type: none"> <li>Hydrogen sulfide*, corrosion, metals</li> </ul>

- Stained plumbing fixtures and laundry

- Iron, copper, manganese

- Salty taste and seawater, or a heavily salted roadway nearby

- Chloride, total dissolved solids, sodium

- Scaly residues, soaps don't lather

- Hardness

- Rapid wear of water treatment equipment

- pH, corrosion

- Water softener needed to treat hardness

- Manganese, iron

- Water appears cloudy, frothy, or colored

- Color, detergents
